4.2 At all relevant times, Defendant was operating the platform, in overall control of the platform, and responsible for the equipment on the platform.

### **V. CAUSE OF ACTION**

#### **A. NEGLIGENCE AND GROSS NEGLIGENCE**

5.1 As stated above, on or about September 20, 2014, Plaintiff sustained severed and disabling injuries on Defendant's platform.

5.2 Defendant is liable for the subject accident and Plaintiff's injuries and damages by reason of its negligence, gross negligence, and/or conditions attributable to it, directly and/or vicariously, by and through its agents,

The SEMS regulations contained in the Code of Federal Regulations set out a comprehensive scheme designed to ensure owners like Defendants develop and have in place a safety program that meets minimum safety requirements, to include general safety, hazard analysis, safety and environmental information, management of change, safe work practices, training, auditing, operating procedures, pre-startup review, record keeping, SOP work authority, ultimate work authority, reporting unsafe work conditions, and job safety analysis, among others. 30 C.F.R. § 250.1902.
